

Directions for Summer Footprints Project

Geographic Footprint

...Travel to another location for vacation or have a “staycation” (a stay at home vacation)

...Use the five themes of geography to describe these locations.

...The description of this place is written on these footprint worksheets

...In September, you will transfer this information onto large footprint sheets for display and grade.

Footprint in History

...Visit an historic site

...Use the footprint sheet to tell the importance of this place in history

...In September, you will transfer this information onto a larger footprint for display and grade

If you take a photo, save it for the large display heel of the footprint

Footprints of the Past
